

## Will UPA return to power in the Center in 2009 General Elections?

*Sri Indrajit*

United Progressive Alliance (UPA) has been in power in the Center for the last five years with many coalition partners headed by the country's oldest political party—the Congress (I) Party. However, the journey had not been a smooth one for UPA and it also had to face a Confidence Motion when one of their allies—the CP(I)M pulled out from the alliance. Many people are keenly awaiting the outcome of this election of 2009 since it will mean a lot for India's economic progress as well due to the ongoing recessionary phase worldwide.

A query came from one of the party workers asking “Whether UPA will return to power?” The party worker after asking the question gave a horary number of 115 from the range of 1-249. Therefore, this question required to be solved through Krishnamurti Paddhati. The analysis of this Prashna is provided below along with the Prashna chart, planetary and cuspal details. The Prashna was worked out in Bhubaneswar on 23<sup>rd</sup> March 2009 at 1:25 pm (IST) with Geocentric Latitude correction and KP Old Ayanamsa.

Late K.S. Krishnamurti originally gave the rule for election winning in Horary charts as *if the 6<sup>th</sup> cuspal sublord is a significator of 6 and 11 then there is win. But if it is the significator for 5<sup>th</sup> and 12<sup>th</sup>, then the opponent wins.* Later this rule was slightly modified to also include the 10<sup>th</sup> house along with 6<sup>th</sup> and 11<sup>th</sup>.

The time when this question was solved, Moon—the reflector of mind for the querist, was the owner of 11<sup>th</sup> house, occupying 5<sup>th</sup>. Moon was in the star of Mars occupying 5<sup>th</sup> but in close conjunction with the 6<sup>th</sup> cusp. All these indicated that the query was genuine and the time of analysis was also appropriate. The chart was casted according to Placidus House division with KP Old Ayanamsa value of 23-53-44

Firstly, we look at the 6<sup>th</sup> cusp. This is the cusp for UPA's win. Here we find that the 6<sup>th</sup> cusp sublord is Ketu. Ketu being node which is deceptive. So, UPA may not hesitate to undertake deceptive means to augur it's win. Ketu is also a node of sudden change. Tables will suddenly turn for the good or worse for UPA. This Ketu is approaching the 11<sup>th</sup> cusp. But by being a node, it will give the results of its representations than its own results. Ketu is aspected by Moon and Jupiter and occupied Moon sign. Moon is posited in 5<sup>th</sup> house and Jupiter is also posited in 5<sup>th</sup> house, being a owner of 7<sup>th</sup> and 4<sup>th</sup>. The balance is titled against UPA at the very outset. We then look at Ketu's star and sublord. Ketu is in Saturn star, Mars sub. Saturn is retrograde. K.S. Krishnamurti made it clear in his books an innumerable number of times that the main house cuspal sublord's starlord should not be retrograde in order to get favorable results. Here we see that Saturn as the starlord of the main house cuspal sublord Ketu is retrograde indicating negative results for UPA. We also see that this Saturn is the owner of both 5<sup>th</sup> and 6<sup>th</sup> but is posited in the 12<sup>th</sup> house indicating bad results for UPA. Lastly, Ketu's sublord Mars is posited in the 5<sup>th</sup> aspecting the 12<sup>th</sup> house though it is closely conjoined with the 6<sup>th</sup> cusp. Thus, the first indication is slightly mixed in nature and no clear result can be teased out.

Secondly we look at the cusp for success—the 11<sup>th</sup> cusp. The 11<sup>th</sup> cusp sublord is the other treacherous node Rahu. Rahu is the planet of backroom deals. It will not be a surprise to us if UPA does not get enough coalition members but finally 'buys out' other parties to make the Government. Rahu would show its true color. Here we find that Rahu is in 4<sup>th</sup> house (political success for the opponent) and closely conjoined with the 5<sup>th</sup> cusp (opponent's win). Rahu represents Moon and Jupiter too and Rahu is in Moon star and own sub. Moon, as we have seen above, is owner of 11<sup>th</sup> but posited in 5<sup>th</sup>. Thus, the effects are mixed here ruling out a clear picture.

Thirdly, we look at the winning cusp of the opponent of UPA. It is the 12<sup>th</sup> cusp (that is 6<sup>th</sup> of the 7<sup>th</sup> house). The 12<sup>th</sup> cusp sublord is Venus. Venus is in 7<sup>th</sup> house retrograde. Venus is in star of retrograde Saturn and Jupiter sub. Saturn is in 12<sup>th</sup> house, owner of 5<sup>th</sup> and 6<sup>th</sup>. Jupiter is 5<sup>th</sup>. The opponent is slightly better off to win against UPA.

Lastly, we look at the winning cusp of the opponent. That is 11<sup>th</sup> of 7<sup>th</sup> – the 5<sup>th</sup> cusp. Here the 5<sup>th</sup> cusp sublord is Jupiter. Jupiter is posited in the 5<sup>th</sup> house. Jupiter is in star of Mars and sub of Mars. Mars is in 5<sup>th</sup> house. There appeared to be an indication that UPA is not well positioned to get absolute majority because Saturn aspects this Mars from 12<sup>th</sup> house.

It was not satisfying with the way how the Prashna chart was indicating the results. No clear indications were emerging. As a result of this another Prashna was undertaken based on Time of analysis on 25<sup>th</sup> March

2009 at 4:15 pm (IST) in Bhubaneswar with Geocentric Latitude correction and KP Old Ayanamsa. The following are the time chart, planetary and cuspal details.

At the time of Prashna, Moon was in the 7<sup>th</sup> house, occupying the star of Jupiter and Jupiter was in 6<sup>th</sup>. This was clear indication that our urge was genuine and the time was ripe to seek an analysis. We applied the same rules in the time chart also. The 6<sup>th</sup> cusp sublord is Mercury. Mercury is signifying houses 2, 11 and 7. It is in star of Saturn, which owns houses 6 and 7 and is posited in 1<sup>st</sup> house. Mercury's sublord, Saturn, supports this. The 11<sup>th</sup> cusp sublord is Moon. Moon was in the 7<sup>th</sup> house occupying the star of Jupiter and sub of Ketu. Jupiter is posited in 6<sup>th</sup> and Ketu in 11<sup>th</sup>.

A look at the opponent's cusps gives us a clearer picture. The 12<sup>th</sup> cusp sublord is Mercury. Since Mercury is favorable for UPA, as explained in the earlier paragraph, it is detrimental for UPA's opponents. 5<sup>th</sup> cusp sublord is Rahu, approaching the 6<sup>th</sup> cusp. Rahu in Moon star actually shows that UPA is well positioned in this election.

Finally, it is worth mentioning that one of the senior astrologers of Northern India discovered a new KP rule for elections. According to his rule, we found in the time chart that 10<sup>th</sup> cusp sublord was Saturn. Saturn was connected with houses 3rd (courage to forge ahead, alliances and coalitions), 10<sup>th</sup> (political success, power, prestige and control) and 6<sup>th</sup> (win against opposition). Saturn was in Venus star and Saturn sub. Venus was connected with houses 1<sup>st</sup>, 6<sup>th</sup>, 10<sup>th</sup> and 3<sup>rd</sup> fully signifying UPA's win, supported by Saturn as the sublord's sublord.

**Therefore, UPA, headed by the Congress Party, will come back to power after 2009 general elections.** But UPA will not be in its old form with old allies after 2009 elections in the Center. Due to involvement of

Rahu, Ketu and Saturn at important cuspal points, many of its old allies will break ties, back stab and old enemies will become new friends. Congress will find that there is an equal and formidable ally and will join hands with it after much backroom deals and backstabbing other parties. Congress will come back to power by a lot of power sharing. Though it is UPA again, it is not going to be the same old UPA.
